# WALK IN COULISSANTE

The combination between practicality and design.

Una soluzione per ogni tipologia di spazio, pensata per chi vuole una parete doccia walk-in che offra la protezione completa degli schizzi nella sua massima estensibilità. Il telaio ridotto al minimo, l'assenza del binario superiore, la maniglia intagliata nel vetro e la possibilità di ridurre l'ingombro sottolineano il suo aspetto minimale. Definita l'evoluzione della serie Walk-in per il suo ampio ingresso, diventa anche porta scorrevole in nicchia o abbinata a parete fissa.

Une solution pour chaque type d'espace, conçue pour ceux qui veulent une douche walk-in qui offre une protection complète contre les éclaboussures dans son extensibilité maximale.

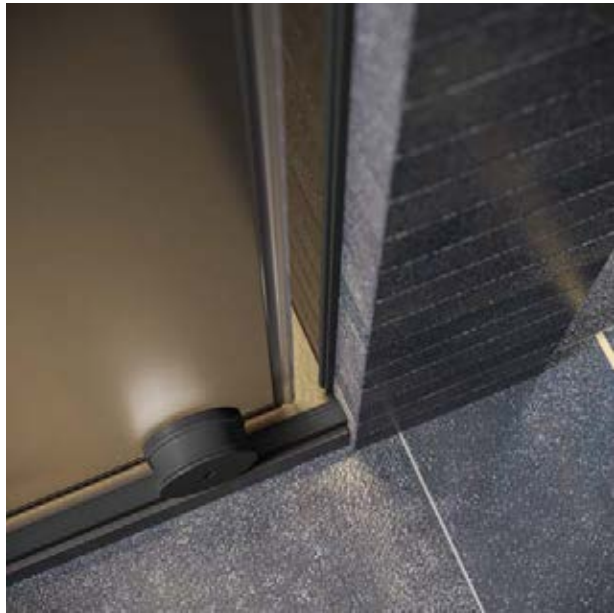

Le cadre réduit au minimum, l'absence de traverse supérieure, la poignée taillée dans le verre et la possibilité de réduire sa taille soulignent son aspect minimal. Ayant défini l'évolution de la série Walk-In grâce à sa grande entrée, elle devient également une porte coulissante pour niche ou combinée avec une paroi fixe.

A solution for any room and for those looking for a Walk-In shower enclosure that offers a complete protection of splashes in its maximum extensibility. A minimal frame, the absence of upper track, a handle obtained with a hole in the glass wall and the possibility to reduce its volume underline its basic nature.

Keeping its wide entrance as the main feature, our Walk-In series enlarges its options with the sliding door for installation in niche, or combined with a fixed panel.

# INDISSIMA

## Shower enclosures.

Indissima capovolge il paradigma stesso di chiusura doccia. Struttura portante inferiore, che sostiene il concetto estremo di telaio minimale. La più sottile linea telaio presente sul mercato, da luce al volume rigoroso ed elegante di una parete doccia che arreda lo spazio.

Indissima renverse le paradigme même de la fermeture de douche. Structure de support inférieure, qui soutient le concept extrême de cadre minimal. La ligne de cadre la plus fine du marché, mets en lumière le volume rigoureux et l'élégance d'une paroi de douche qui donne de l'espace.

Indissima overturns the very paradigm of shower closure. Lower supporting structure, which supports the extreme concept of minimal frame. The thinnest frame line on the market, bring to light the rigorous and elegant volume of a shower enclosure that furnishes the space.
